

# POLLY'S BEADS

Volume 10, Issue 2

SEPTEMBER 2008

## Hello and Welcome

Dear Valued Customer

**Latest additions to the web site:** We are in the process of installing a shopping cart. Some products such as kits, books and acrylic flowers are already available and more will come as the weeks go by. This will make shopping at home easier.

Due to many requests we have now started to put what use to be patterns only, such as the Stenboden patterns, into kit form. However they can still be purchased as a pattern only.

**JP9's:** Our distributors of JP9 Seed Beads have passed on a price increase so they will now be \$2.00 for a 10gram bag and \$18.00 per 100gms. Please note that colours 54 and 807B will be priced at \$1.50 for 5 grams. A number of new colours are being introduced into our range. A bead sample colour chart can be purchased for \$2.60 or a free colour list is available upon request. A colour chart is now available on our web site.

The beading weekends in Perth and New Zealand did not go ahead this year as we had very few responses from our survey, however we may try something different next year.

Australia Post have increased their parcel rates again. Our new charges are \$7.00 (minimum) up to 500grams, \$12.00 over 500gms to 3kg. New Zealand \$7.00 (minimum) up to 500 grams, \$17.00 up to 1 kg, all air mail.

Our Craft show schedule for 2009 has not yet been finalised. Check our website for the latest schedule updates.

Bead lessons held in the shop have changed to Thursdays, Fridays and Saturdays but times are the same.

In conjunction with the book DO3392 Beaded Miniature Menagerie \$15.95, we put together 6 bead packets: Koala, Frog, Chicken, Penguin, Rabbit and Monkey. These packets do not have a pattern included because of copyright laws, therefore a book has to be purchased to be able to make these characters. These bead packets are available for your convenience with everything in them to make a certain character without having to purchase full packets of Mill Hill Beads, when only a few of each colour are required. They will be available while stocks last.

All Flowers used in the Bookmarks at the craft shows during the year are now available, including online.

The instructions to the Keyboard bracelet, made on the loom, are a giveaway to anyone who purchases a loom at a craft show only. They will not be on sale at the shop.

Happy Beading Rosalie
